The redesigned slimmer barrel provides better handpiece balance and new levels of comfort and ergonomics to reduce strain and gives you superior manoeuvrability, control and grip. Made in Switzerland. Suitable for Heiniger Evo shearing units. The overall lighter FX requires less effort and time to start and stop each blow, helping you shear more efficiently and maximise tallies. With countless hours of research, development and testing, the FX pushes the boundaries of shearing while continuing the world-renowned legacy of the Icon - the same Swiss quality, precision and reliability that Heiniger is known for.
