

Old Meets New

Price : SOLD

3 1 1

This beautifully finished family home has it all. Set on a huge, well-fenced block on the edge of town with no adjoining neighbours, the home would be well suited to a family.

The modern sleek kitchen with electric stove/oven, dishwasher and twin sink will suit the most discerning cook. The kitchen also features abundant cupboard space with a breakfast bar, and adjoins the good size dining room with exposed beams and easy-to-maintain tiled floor.

The master bedroom has a large built-in wardrobe with new carpet, which also runs throughout the other two bedrooms. The large and comfortable carpeted lounge/living area has both split system and evaporative air conditioning. The quality of the home is extended to the bathroom which is highlighted by the slate tiles on the floor and walls. The bathroom features a bathtub, shower and new vanity, with a separate toilet. The home is well heated and cooled, with three split systems in total, as well as ducted evaporative air conditioning.

The owners have managed to blend the old and the new together brilliantly, maintaining the character of the home by preserving the timber framed windows, exposed brickwork and timber walls on the interior of the house. The exterior of the home is brick which has been tastefully painted to present the perfect package with the white picket fence.

The large back yard has an 8m x 3m steel framed shed with power connected and a fantastic paved covered barbeque area for entertaining. To top it off, there is a cubby house and sand pit, and an expansive area of green lawn ideal for that weekend game of footy or cricket.

All in all, this is the perfect family home, tastefully renovated to highlight its many characteristics of days gone by, whilst depicting a modern, light and airy feeling. This home represents sound value for money, and to gain a real feel for it, an inspection is highly recommended.
