There is secure fencing around the whole property, and included in the sale is John Deere ride-on lawn mower.

The business component of the sale comprises three large steel framed sheds, two of which are currently leased to well-established local businesses.

Shed number 1 is 40 m x 13 m and contains an air conditioned office, electric roller door and a fork lift is included in the sale.

Shed number 2 is of slightly larger dimensions and contains 3 offices, and an electric winched gantry which runs the full length of the shed.

Shed number 3 is currently not tenanted but has huge earning potential for the innovative businessman.

All these properties are well fenced and secure. This is an excellent commercial development opportunity. Figures relating to the business are available upon genuine enquiry. This package is well worth consideration and an inspection.
